First Aid in Schools Program

Monday 21st March 2016

Dear Parents and Caregivers,

As part of the Health & PE curriculum, the whole school will participate in a St Johns First Aid in Schools Program. The session will be run by a qualified St Johns presenter and will educate the students on the importance of first aid and what to do in an emergency.

The following areas will be addressed:

- DRSABCD and the DRSABCD action plan
- Practical – the recovery position
- CPR
- Basic management of bleeding
- Management of a blood nose

The session will take place during your child’s PE session in week 1, term 2. There is no cost for this program and it is expected that all children will participate.

Please feel free to contact me if you have any further questions about the program.

Regards

Ian Lumb

Health & PE Coordinator
