

PARENT PAYMENT ARRANGEMENTS - 2021

Dear Parent/Carers,

Ascot Vale Primary School (AVPS) is looking forward to another great year of teaching and learning and would like to advise you of the AVPS parent payment arrangements for 2021.

Ascot Vale Primary School makes every effort to keep the cost of items and activities to a minimum and affordable for all parents. Attached to this document is the parent payment schedule for 2021. The schedule will include the following items:

Essential Student Learning Items

Those items, activities or services that are essential to support student learning of the standard curriculum. These are items that the school considers essential for all students and which students take possession of. Parents may choose to provide the items themselves or buy the items from the school where practical and appropriate.

Optional Items

Those items, activities or services that are offered in addition to the standard curriculum program. These are provided on a user-pays basis so that if parents choose to access them for students, they are required to pay for them. This includes the **Excursions/Incursions**.

Swimming Lessons are an important part of the school's program and run over a two-week period. The lessons will be provided by trained instructors at the Maribyrnong Aquatic Centre in 2021. Parents/guardians will receive a permission form and further information regarding swimming in the term before lessons start (via a Compass alert).

Moonee Vale Instrumental Music Program (MVIMP) This is a user pays program offering students in years 3 – 6 the opportunity to learn an instrument (woodwind, brass, strings, percussion, bass guitar) and perform as part of a group. Lessons are provided weekly with two concerts and other performances throughout the year. Year 5 and 6 students may also have the opportunity to attend music camp once during their time in the program. Camp attendance will incur an additional cost. Information regarding tuition costs and organisation is provided at the beginning of the school year

Voluntary Financial Contributions

Parents can be invited to make a donation to the school for a general or specific purpose.

Voluntary contributions paid into the **Library Fund** or the **Building Fund** accounts are tax deductible. Please retain your receipt for tax purposes. These voluntary contributions assist the school in maintaining our facilities and purchasing books

Student Sponsorship option enables AVPS to subsidise camps, excursions and sporting events for eligible families. These valuable donations ensure children do not miss participating in important school and learning experiences.

The Working Bee contribution is available for parents who would like to assist but are not available to attend our scheduled working bees during the year. If parents cannot attend and are not involved in other voluntary work at the school, they may choose to make a working bee contribution.

Classroom and ICT Resources contribution will assist AVPS with the purchasing of classroom materials, book sets, maths & science, classroom stationery sets, ICT equipment for classroom use etc.

Financial Support for Families

Ascot Vale Primary School understands that some families may experience financial difficulty and offers a range of support options, including:

1. **Lowering the cost of essential student learning items where possible.** Ascot Vale PS endeavours to seek competitive supplier costs and to minimise excursion costs where possible through walking or taking public transport between locations.
2. **Second hand strategies.** The school runs a successful second hand school uniform shop where 'pre-loved' items are donated and are available for sale for a gold coin donation.

3. **School Assistance.** The school can assist families by establishing payment plans for the purchase of items, such as devices, if necessary.
4. **Student Sponsorship.** The school is able to provide subsidies for camps, excursions or sport to eligible students due to the generous donations of AVPS families.
5. **Government Assistance Programs.**
 - A. The **Camps, Sports and Excursions Fund (CSEF)** to the value of \$125.00 provides payments for eligible students to go towards the cost of camps, sports and excursions. Families holding a valid means-tested concession card or temporary foster parents are eligible to apply and a Special Consideration eligibility category also exists. Please note, if a child leaves AVPS throughout the year, the remainder of their unspent CSEF will be transferred to their next school.
 - B. **State Schools' Relief** may cover the cost of new school uniforms, shoes, books and more for disadvantaged students. State Schools' Relief only responds to requests from school principals, assistant principals or welfare coordinators. Parents or Carers who need support to make an appointment with the school to discuss their situation.
6. **Community Assistance.** The school is able to provide families with links with local services and welfare groups which can provide specialist support and assistance to students and families in financial crisis. The school also provides a student sponsorship program to assist such families in need.
7. **Commonwealth Family Assistance.** The Commonwealth Government provides a range of payments and services to help families look after their children's health, education and other family issues. Please contact our office staff to arrange assistance if necessary.

For a confidential discussion about accessing these services, or if you would like to discuss alternative payment arrangements, contact: Susan Osborne - Principal on 03 9370 6507 or email ascot.vale.ps@education.vic.gov.au

PARENT PAYMENTS POLICY

ONE PAGE OVERVIEW

The following is a summary of the main principles of the Parent Payments Policy:

FREE INSTRUCTION

- Schools provide students with free instruction to fulfil the standard curriculum requirements as outlined in the Victorian Curriculum F-10, VCE and VCAL.

PARENT PAYMENT REQUESTS

- Schools do not ask parents to pay for school operating costs (e.g. utility costs) or general and unspecified charges.
- Schools request payments from parents under three categories:

Essential Student Learning Items

- Items and activities which the school deems essential for student learning.
- Parents may choose to purchase essential items through the school or provide their own.

Optional Items

- Items and activities that enhance or broaden the schooling experience of students and are offered in addition to the standard curriculum.
- These are provided to students on a user-pays basis.

Voluntary Contributions

- Voluntary contributions support the school to continue to be the best local school for all students and can be for general or specific purpose.
- Students will not be disadvantaged in any way if parents do not make a contribution.

FINANCIAL HELP FOR FAMILIES

- Schools put in place financial hardship arrangements to support families who cannot pay for items or activities so that their child doesn't miss out.
- Schools have a nominated parent payment contact person(s) that parents can have a confidential discussion with regarding financial hardship arrangements.

SCHOOL PROCESSES

- Schools obtain school council approval for their parent payment arrangements and upload their arrangements on their school's public website for transparency.
