POLICY

Strategies to embed a child safe culture

Child safety is everyone's responsibility. **All school staff** are required to:

- Act in accordance with the school's *Child Safety Code of Conduct*, which clearly sets out the difference between appropriate and inappropriate behaviour
- Act in accordance with the *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures* at all times, including following the [Four Critical Actions for Schools](#) where necessary
- Undertake annual guidance and training on child safety
- Act in accordance with their legal obligations, which include:
 - Failure to disclose offence (applies to all adults)

- o Duty of care (applies to all school staff)

- o Organisational duty of care (applies to the school as an organisation)
- o For more information on these obligations, see [Identifying and Responding to All Forms of Abuse in Victorian Schools](#).

AVPS aims to maintain a culture that will encourage staff, students, parents and the school community to raise, discuss and scrutinise child safety concerns. This makes it more difficult for abuse to occur and remain hidden.

As part of AVPS's child safe culture, **school leadership** (including the principal and assistant principal) will:

- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when implementing the Child Safe Standards
- Ensure that child safety is a regular agenda item at school leadership meetings and staff meetings
- Encourage and enable staff professional learning and training to build deeper understandings of child safety and prevention of abuse
- Promote the Child-Safe Standards in ways that are accessible, easy to understand and child-friendly, such as by displaying [PROTECT posters](#) at school
- Ensure that no one is prohibited or discouraged from reporting an allegation of child abuse to a person external to the school or from making records of any allegation.

As part of Ascot Vale Primary School's child safe culture, **staff** are required to:

- Complete the [Protecting Children – Mandatory reporting and other obligations](#) online module every year
- Read the school's *Child Safety Code of Conduct* on induction, and maintain familiarity with that document
- Read the school's *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures* on induction, and maintain familiarity with that document
- Read the school's *Child Safety Policy* (this document) on induction, and maintain familiarity with that document
- Deliver appropriate education to students about:
 - o Standards of behaviour for students
 - o Healthy and respectful relationships (including sexuality)
 - o Resilience; and
 - o Child abuse awareness and prevention.

- Provide students with child safety materials designed for them (e.g. worksheets, posters, songs), or made by them (e.g. students making and displaying their own child safety posters)
- Discussing child safety in class.

As part of AVPS's child-safe culture, in performing the functions and powers given to them under the *Education and Training Reform Act 2006*, **school councils and school council members** will:

- Ensure that child safety is a regular agenda item at school council meetings
- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when making decisions regarding the Child Safe Standards
- Undertake annual guidance and training on child safety, including the [Child Safe Standards School Council Training PowerPoint](#).
- Approve the *Child Safety Code of Conduct* to the extent that it applies to school council employees and members, and if updated, note the new document in its school council meeting minutes
- When hiring employees, ensure that selection, supervision and management practices are child safe (unless delegated to the principal).

School leadership will maintain records of the above processes.

Roles and responsibilities

School leaders will ensure that each person understands their role, responsibilities and the behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the school's *Child Safety Code of Conduct*, which sets out clearly the difference between appropriate and inappropriate behaviour.

Specific child safety responsibilities:

- The principal team is responsible for appointing a child safety officer. Combined they form a child safety team.
- The child safety team is responsible for:
 - reviewing and updating the Child Safety Policy every two years.
 - monitoring the school's compliance with the Child Safety Policy.
 - informing the school community about this policy, and making it publicly available.
 - Other specific roles and responsibilities are named in our other child safety policies and procedures, including the *Child Safety Code of Conduct*, *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures*, and risk assessment register.

The school community should approach the principal team and/or child safety officer if they have any concerns about the school's compliance with the Child Safety Policy.

Recruitment

AVPS follows the Department's *Recruitment in Schools* guide to ensure child safe recruitment practices, available on the [Department's website](#).

All prospective volunteers are required to comply with our school's *Volunteers Policy*, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy.

Training and supervision

Training and education are important to ensure that the whole school community understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees, contractors and volunteers are inducted into the school, including by being referred to the Child Safety Policy (this document), the *Child Safety Code of Conduct*, and the *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures* on the [school website](#).

An additional step in the induction process is that staff, new employees, contractors and volunteers must sign agreement to the *AVPS Standard 3 - Code of Conduct* - acceptable and unacceptable behaviour. Staff and volunteers will be required to update their signed agreement when Standard 3 is reviewed and updated. Contractors are required to sign an agreement to Standard 3 yearly.

All other visitors to AVPS must sign in at the office under a range of conditions, including a commitment to Child Safety at all times. They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate.

All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with [Ascot Vale Primary School's Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#) where required.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers, including homestay providers, in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures*, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

AVPS will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures*. In accordance with

Action 4 of the *Four Critical Actions for Schools*, we will provide ongoing support for students affected by child abuse.

The *Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures* can be found on the [school website](#).

Risk reduction and management

We believe the wellbeing of children and young people is paramount, and we are vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

AVPS monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's risk assessment register

Listening to, communicating with, and empowering children

AVPS has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students can access information on how to report abuse at the school reception and school website: <http://avps.vic.edu.au/>.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:

- All of our child safety policies and procedures will be available for the students and parents at AVPS to read at the school reception and on the school website.

- the whole school is encouraged to contribute to risk assessment and mitigation,
