

AVPS Medication Authority Form

for a student who requires medication whilst at school, excursion or camp

This form should be completed ideally by the student's medical/health practitioner, for all medication to be administered at school, excursions and/or camps. For those students with asthma, an Asthma Foundation's *School Asthma Action Plan* should be completed instead. For those students with anaphylaxis, an ASCIA *Action Plan for Anaphylaxis* should be completed instead. These forms are available from your GP. **Please only complete those sections in this form which are relevant to the student's health support needs.**

Name of School: ASCOT VALE PS

Student's Name: _____ Date of Birth: _____

This form is for the following: (tick) at school , excursion or camp

Date range for this form : (Expiry is the last date recorded) STARTING: ____/____/____ **ENDING: ____/____/____**

Please Note: wherever possible, medication should be scheduled outside the school hours, e.g. medication required three times a day is generally not required during a school day: it can be taken before and after school and before bed.

.....

Medication delivered to the school

Please ensure that medication delivered to the school:

- Is in its original package
- The pharmacy label matches the information included in this form.

Please turn over and complete page 2.

Self-management of medication

Students in the early years will generally need supervision of their medication and other aspects of health care management. In line with their age and stage of development and capabilities, older students can take responsibility for their own health care. Self-management should follow agreement by the student and his or her parents/carers, the school and the student's medical/health practitioner.

Please advise if this person's condition creates any difficulties with self-management, for example, difficulty remembering to take medication at a specified time or difficulties coordinating equipment:

Monitoring effects of Medication

Please note: School staff *do not* monitor the effects of medication and will seek emergency medical assistance if concerned about a student's behaviour following medication. Please ensure students have their first dose of any medication at home (not at school) in case of an allergic reaction. A first dose of any medication should be done under the supervision of the family or medical health practitioner.

Privacy Statement

The school collects personal information so as the school can plan and support the health care needs of the student. Without the provision of this information the quality of the health support provided may be affected. The information may be disclosed to relevant school staff and appropriate medical personnel, including those engaged in providing health support as well as emergency personnel, where appropriate, or where authorised or required by another law. You are able to request access to the personal information that we hold about you/your child and to request that it be corrected. Please contact the school directly or FOI Unit on 96372670.
